

How do I upgrade from PeakHour 3?

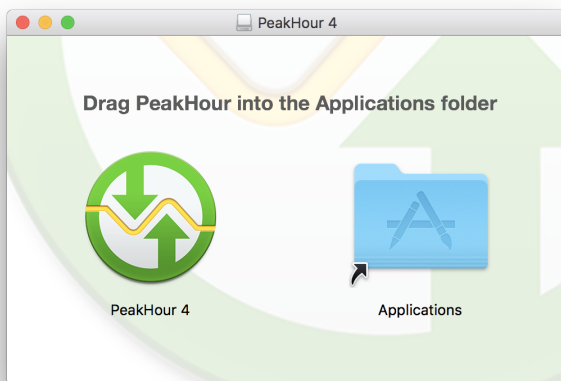

If you purchased PeakHour 3, you can upgrade to PeakHour 4 at a discounted price.

To purchase an upgrade, do the following:

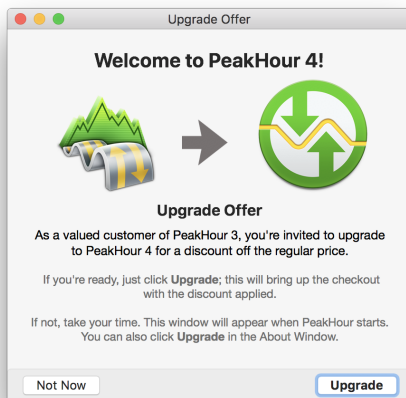

1. First, make sure you have the latest version of PeakHour 3 installed and activated.

 If you can't locate your PeakHour 3 license key, visit peakhourapp.com and click **Recover License** under Help & Support.

2. Visit peakhourapp.com, click on **Buy or Upgrade** and then **Upgrade**. This will start a download of the free, trial version.
3. Once the download is complete, open the .dmg file.
4. Accept the license agreement.
5. Drag PeakHour 4 into the Applications folder.

6. Launch PeakHour 4 from the Applications folder.
7. If a valid version of PeakHour 3 is detected, you'll be presented with the upgrade prompt:

 If you don't see the pop-up, check to make sure you have the latest version of PeakHour 3 installed.

Mac Appstore: Make sure the latest version is installed in `/Applications` from the Mac Appstore **Purchases** tab.
Direct (Paddle): Download and install the [latest version](#); try re-entering the license details.

8. Click the **Upgrade** button and follow the prompts.
